**FIGHTING  
FOR  
EVERYTHING  
WE HOLD  
DEAR....**

## WE ARE FIGHTING FOR EVERYTHING WE HOLD DEAR

Believers abandoning their faith en masse—American government denying Christians due process and civil rights—economic sanctions on religious convictions—worldwide genocide of Christ followers...these are all things we thought were coming in the distant future.

This was once the stuff of apocalyptic film. Today, it is harsh reality. The gloves are off. The anti-God forces are attacking. Whether you like it or not—whether you believe it or not—we are now fighting for everything we hold dear.

We evangelists of the 21st century face something that Billy Graham and Oral Roberts never had to face. We face a war on Christianity that has been joined by our own government. America was once an independent nation...not anymore. We have been thrown into international powers that will stop at nothing to remove Christianity from mainstream society.

Christians are not the only victims. All decent families are targets. Traditions that are the very glue that hold civilization together are now the enemies of the state.

**In 1940, Winston Churchill faced an astonishing challenge.** France had just fallen to Hitler. England was next. Now the new, young Prime Minister had to impress

**Churchill had to impress the people of imminent danger and inspire them to fight—in just one speech!**

the people of imminent danger and inspire them to fight—in just one speech! His words became immortal.

***“Upon this battle depends the survival of Christian civilization. Upon it depends our own British life, and the long continuity of our institutions and our Empire. The whole fury and might of the enemy must very soon be turned on us. Hitler knows that he will have to break us in this Island or lose the war. If we can stand up to him, all Europe may be free and the life of the world may move***

***forward into broad, sunlit uplands. But if we fail, then the whole world, including the United States, including all that we have known and cared for, will***

***sink into the abyss of a new Dark Age made more sinister, and perhaps more protracted, by the lights of perverted science. Let us therefore brace ourselves to our duties, and so bear ourselves***

***that, if the British Empire and its Commonwealth last for a thousand years, men will still say, “This was their finest hour.”***

***“Upon this battle depends the survival of Christian civilization.”*** Those words have become true for us. There comes a time when your denomination, your view on the rapture, your taste in Christian music and the size of your church do not matter. As of now, there is no black church or white church—there is only His church—a church about to face the worst assault in U.S. history.

**Look at the craziness that is already here!** Already—by federal law—your high school age daughter in the locker room will face naked males who think they are female. Even now, we see Christian beliefs redefined as hate. 90% of our college students are not taught patriotism and American exceptionalism, but rather leftist theory praising the benefits of multiculturalism and the myth that “all cultures are equal, and all cultures are equally

part of American life, and no culture is better than any other."

***"The whole fury and might of the enemy must very soon be turned on us:"*** They have declared war on us—not through Nazi hordes, but with forces equally vile. Barack Obama and Hillary Clinton will bend laws and abuse power to persecute Christians. The leftist media, music and film moguls, Facebook, Google and Twitter will level their multiplied billions in assets to spread misinformation and censorship.

In the next few months you will hear—from a shocking array of voices—if you don't vote for Hillary Clinton, you are not a part of the human race. You will see an acclamation of a new world order where Christian faith will be classified a threat to progress and indeed civilization itself. Our great nation will be melted down to a global morass where patriotism is not allowed.

All references to Islam's propensity to terrorism and torture will be shut down. The feminists will ignore what Islam does to women. Mainstream denominations will help build Mosques. In short, there will be a black-out on criticism of Islam, even as there is open season on Christ followers.

The Prime Minister went on to give a solemn warning: ***"But if we fail, then the whole world, including the United States, including all that we have known and cared for, will sink into the abyss of a new Dark Age"***

We are at the same point! We are the ones whom

history now calls upon for action. We are the ones who cannot hide or shrink back from our duties as true servants of God. We know what will happen! Left unchecked, the forced acceptance of Islam, combined with the willful destruction of our borders, will alter life in America forever. Silence in the face of a government hell-bent on wiping out gospel ministries will be shameful beyond words.

Churchill delivered the sobering reality. However, he could not leave it there. He now faced the equally mammoth challenge of awakening hope, duty, and a steel resolve to marshal the people to defend their nation.

He summons up all of his strength, all of his eloquence, all of his love of country and the brilliance of the mind God gave him to say these words: ***Let us therefore brace ourselves to our duties, and so bear ourselves that, if the British Empire and its Commonwealth last for a thousand years, men will still say, "This was their finest hour."***

*You will see an acclamation of a new world order where Christian faith will be classified a threat to progress and indeed civilization itself.*

Nehemiah also had a finest hour speech: "And I looked, and arose and said to the nobles, to the leaders, and to the rest of the people, "Do not be afraid of them. Remember the Lord, great and awesome, and fight for your brethren, your sons, your daughters, your wives, and your houses." -Nehemiah 4:14

The solution, yea the battle plan for American Christians is summed up in the action that Peter took to respond to persecution in Acts 4.

*Continued →*

**He openly tells the church what is going on:** Acts 4:23, "And being let go, they went to their own companions and reported all that the chief priests and elders had said to them."

**He calls for prayer:** Acts 4:24, "so when they heard that, they raised their voice to God with one accord..."

**But it is the prayer he prayed next that is life and death to the American church right now. It is the inescapable action we must take right now...because there is still a big chance we can turn America back to Christ.**

That is why I am imploring every believer— from the worker in the field, to the preacher in the pulpit, to the Christian billionaire titan of industry— to heed the prayer of Peter. He is proffering us a roadmap, yea a war plan in this prayer. I know of nothing more relevant and urgent to our present circumstance than the verses you are about to read:

***Acts 4:29- Now, Lord, look on their threats, and grant to Your servants that with all boldness they may speak Your word, 30 by stretching out Your hand to heal, and that signs and wonders may be done through the name of Your holy Servant Jesus."***

***31 And when they had prayed, the place where they were***

***assembled together was shaken; and they were all filled with the Holy Spirit, and they spoke the word of God with boldness."***

Even though the day of Pentecost was only two chapters before, He filled them again! To dislodge the American Church from fear and compromise, we need a new downpour of the Holy Spirit. We need to return to our first love and be drenched again.

What happened after they prayed is the greatest possible encouragement to us. The bulldozer of miracles cleared the way for the church to not only resume preaching, but to expand and overwhelm the persecution.

Persecution is here. It has been here before and God is able to turn it all around. **All we have to do is reduce our activity to one blazing act of prayer—ask God to look, embolden and release miracles! Hallelujah!**
