THE HARVEST IS HERE

NO MORE HOPING, DREAMING, AND WAITING

THE HARVEST IS HERE

No more hoping, dreaming, and waiting... it is here. Where did the plan to increase our harvest tenfold in America begin? It began in the most unlikely place: San Bernardino, California. Here is the city famous for a terrorist attack. Here is the city where 50% are on government assistance. Here is the city torn apart by gang violence and drug addiction.

Now look at that picture! Hundreds of young people are reaching out for new life in Jesus. Years of blood, sweat and tears are in that picture. The fulfillment of 3 years of intense labor are in that picture. Think back at all God has done in such a short time.

Here is what I said last month: "We must be near the problem.

We must be in a venue that is large enough to make an impact outside church walls. We must face reality: most Christian events draw only Christians. If we want the unchurched to come to our meetings we must be in halls that will attract them. Even though this triples our cost, it must be done or we will only preach to ourselves."

In San Bernardino, we found the best of both worlds: a front-line church in a front-line location that is so neutral it is like a convention center to the locals. The Way World Outreach led by Marco Garcia was the perfect partner for our first Living Proof of 2017.

The soul winning night you see in these pictures coincided with the

debut of a new kind of Worship Music—the kind of music I have been praying for—music that hits the lost soul in the heart. It is called Worship Revival. In fact, the name of the team that will be touring America is called Worship Revival. Look for this outreach worship team from The Way World to be heard across the country!

I stood to preach. Suddenly, I was commanded to declare a word of healing before I could preach. Why did my message begin this way? Earlier that day I was with my spiritual father, Ralph Wilkerson. He gave me a corrective and inspiring word from the Lord. "Don't preach to get miracles Mario. Stand there and let God do miracles. Let the

miracles be first so the people will know God is in the room.”

Jesus ordered me—an unworthy vessel—to describe a severe medical condition in a young woman on the right side of this capacity crowd. The air left the room as accurate details of her condition and even the medication she took were revealed. Her healing ignited others to reach out for miracles. The awesome thing about a desperate crowd is they have no pride about taking hold of the hem of His garment.

After this first wave, I was free to preach the Gospel. What did I preach? I preached the very message you and I have been waiting to give the youth of America. Here were the words I have longed to say to the very audience I have longed to reach.

The pre-confirmed WORD hit the target. Chains began to break. Deception fell like scales off their eyes. Heart habitations of total despair convulsed with the spark of life. A host of tragic stories were about to get new beginnings.

*Chains began to break.
Deception fell like
scales off their eyes.
Heart habitations of
total despair convulsed
with the spark of life.
A host of tragic stories
were about to get
new beginnings.*

I could hear weeping even before I opened the altars for new life.

In this atmosphere, you need not apologize for a call to total surrender. What happened next was so deep and wonderful that I cannot find the words to describe it to you.

These pictures do not do justice to the next moment. Young souls came from all over the room. They came quickly, they came forcefully, they came for nothing less than Jesus. They came by the hundreds. They dispelled every lie that Satan is saying through the media about our children. Rejoice precious partner! THE HARVEST IS HERE. Now we move on to the next city.

Now let me tell you where the harvest will be next: Bakersfield CA. On Friday March 31st and Saturday April 1st at 6:30 PM and on Sunday April 2nd at 2 PM—we will be in the Harvey Auditorium.

Mario Murillo Ministries and Stay Focused Ministries led by Manuel

Continued →

Carrizales are teaming up to move Bakersfield beyond violence and division. We intend to prove this at an exciting 3-day event in the Harvey Auditorium.

Some say our claims of moving Bakersfield past violence and division would take a miracle. That is exactly what Manuel and I are expecting: A miracle.

Since 1991, Manuel Carrizales and Stay Focused Ministries have seen miracles all over Bakersfield. The city sees his powerful television show several times a day. Every week he leads as many as 24 assemblies in the public schools that are famous for their lasting

impact on students. His after-school mentoring program is considered one of the most effective in the nation. His ministry won the 2016 Nonprofit of the year award from the 34th Congressional district of the State of California. Not only this, but Manuel recently won the Martin Luther King award.

As you read this, thousands of cards are being given out at the public schools in Bakersfield. Our television commercial is saturating the airwaves. Ground troops are witnessing and praying for young people in the neediest neighborhoods, telling them to come expecting a miracle.

The battle for America's soul is just beginning. **I am asking you to own this opportunity to save our nation.** Never forget that you have a part in every soul that we win to Christ.

As I said in the beginning of this letter, no more hoping, dreaming, and waiting... it is here. The harvest is here because we prayed and obeyed the Holy Spirit. You are seeing your gifts of love at work.

God has truly been faithful and you have been a heroic blessing. That is why Mechelle and I keep you continually in our prayers. We believe God to reward you for your faithfulness to this ministry.

THE HARVEST IS HERE!
