THE VISION IS WORKING

It all began with the biggest leap of faith and boldness in my life. I wrote you the letter that started us on this indescribable journey. [Here is what I said to you:](#)

"If there was an opportunity to restore America for our children and our grandchildren would you take that opportunity?"

But how can we imagine any opportunity while we watch the nation go up in flames? We are engulfed in lawlessness, racial hatred, and decadence. Images of rioting and looting cover the nation. Instead of turning to God in our disaster our citizens cast Him away. Our elected officials squander precious time obsessed by things that do not matter.

How can we imagine any opportunity while Christian

leaders are throwing their hands up saying that it is impossible to rescue America? Some even employ Bible prophecy to insist that America must be destroyed so we can have an antichrist, one world government, and hence the Second Coming of Christ.

Blinded and choked by the smoke of chaos outside the church and by defeatism inside the church how can anyone see any opportunity?

But what if there was a glimmer of hope? What if in all the twisted rubble there was a chance to make a real difference? What if there was something we could do?

At this point, I am not even asking you to imagine a solution for America. I am asking "if there was a real opportunity, would you take it?"

Not long ago I returned from a ministry trip. I opened my front

door, and dropped my luggage. I became keenly aware that I had just done something for the very last time in my life.

There was something that I could never do again and I will never do it again...to do it again will at best shorten my life and at worse, it will take my life. Never again could I be a part of a regular church meeting.

In that moment, everything I had ever done for Christ was being lumped into one seed and was about to be put in the ground to die. [From that point on, Mario Murillo Ministries \(MMM\) had to become an unimpaired vessel of healing to the nation.](#) Whatever personal sacrifice that it would require and whatever rejection it might bring became irrelevant."

*I finished by asking you to give \$100,000 to build the foundation of a new kind of soul-winning weapon called **Living Proof**. You gave us the \$100,000 and we built this mighty outreach tool.*

A year later, I took an even bigger leap of faith and wrote you this:

"So I am bold because I know now that it is not me asking but Christ

asking through me. Let's take this ministry where it can release rivers of living water to millions of famished, thirsty souls wandering in unimaginable darkness.

I received a challenge number from the Holy Spirit. At first it may seem to be a lot of money but in the big picture is both reasonable and doable. I have been told to believe and ask for \$250,000 to come in.

With this money we become a national weapon—we add critical talent that is already trained and proven loyal to our cause—and has been waiting to come on board. With your bold gift of love, we become that ministry that can take on the challenge of major cities and major arenas. We become a weapon to win youth through the internet. We can leap from reaching thousands to reaching millions.

As of this writing over \$150,000 of the \$250,000 challenge has

come in. Wait...here is the really big news: **WE HAVE INDEED BECOME A NATIONAL WEAPON.**

We have reached our goal of never having regular church meetings again. For 16 months in a row we

We start fires wherever we go.

have had only had soul-winning miracle meetings. We have not stopped once to do a fundraiser! Your giving has turned us into an unstoppable force.

But there is even more to tell you! **MMM is humming like a gigantic machine.** We are hitting city after city with **Living Proof.** We start fires wherever we go. We are adding staff and the vital equipment to handle booming doors of opportunity.

We can now develop all of our radio and television spots in house. God is building a network

of volunteers in enough cities to fill our calendar for the next two years! We are creating materials to train this nationwide army of soul winners.

THE VISION IS WORKING! I have waited to so long to say that to you. I waited until I could prove it to you. This is no pipe dream—this is not a panacea—it is reality.

Now...here is something unheard of: We are hitting 6 cities in California. We begin in two days! We are hitting them hard! We will have hardened gang members, hopeless addicts, along with the sick and dying in these

meetings. By the time you get this, we will have already been in San Jose and Manteca where the majority of the audiences will be young people.

Here is the unheard of part:

In 5 out of 6 of these cities we invited ourselves. God told us to go and invest in these cities. We can now pick our targets. We no longer wait for invitations or the resources to go. We are going because there is a need and not because of an invitation.

This is all wonderful but believe it or not...it gets even better:

God has used you to unchain us from religious activity. That means we pray and plan by the Spirit. It means there is no fleshly drag on the ministry. This is why the power is surging in the meetings.

It shows every night. The power and presence of God has intensified. Something glorious

and holy overshadows the outreaches. I am not double-minded but focused on lost souls and sick bodies. There is no way to describe it. You have to be there when God stretches out His hand to do awesome things!

The vision is working but so is the enemy.

Paul said, 1 Corinthians 16: 9 "For a great and effective door has opened to me, and there are many adversaries." Right now, the people who are best equipped to win young American hearts are rich, powerful and hate Jesus. Among them are well healed atheists, secular progressive media moguls, immoral musical superstars, and leftist film stars. They have this in common: They despise the Bible, Israel, and our Christian heritage. They want to get rid of all Christian ethics; they are reshaping America into a place of misery. They want to make all drugs legal, and

Scripture illegal. They see a world for your children where there are no restraints on abortion, no definition of marriage, and no limits on pornography and no punishment for child molesters.

For over 49 years, Mario Murillo Ministries has plunged the sword of the Word of God into the heart of darkness. We have never shied away from thrusting the sharp edge of truth into the youth culture and we have never turned away a cry for our help.

But after 49 years something has changed... **THE VISION IS WORKING LIKE NEVER BEFORE.**

We have been given the honor to destroy the works of Satan in America's darkest hour. This means that we dare not let up. Now we are finally here—your sacrificial gift of love will do more than ever! God bless you and God bless America...

THE VISION IS WORKING!
